

### REMARKS

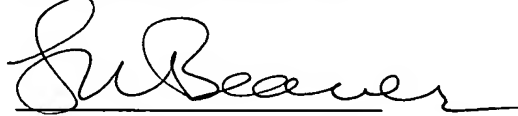

This application was filed with sixty-one (61) claims. Claims 1, 4-6, 10-12, 15-18, 23, 27, 28, 31, 32, 35-37, 45, and 49 have been rejected. The rejected claims have been canceled. However, the applicant does not concede that the rejected claims are not patentable. Applicant intends to file a continuation application, including inter alia the rejected claims for further prosecution of the subject matter. Claims 2, 7, 13, 19-21, 24, 26, 29, 30, 33, 38, 39-44, 46-48, 50-58 have been amended to include the limitation of the base claims and are thus now allowable. Claims 3, 8, 9, 14, 22, and 25, 34 remain in their original form, but due to amendments of the other claims no longer depend on rejected claims. Claims 59-61 are allowable. Therefore, all claims remaining in the application, Claims 2, 3, 7-9, 13, 14, 19-22, 24, 25, 26, 29, 30, 33, 34, 38, 39-44, 46-48, 50-61 are allowable over the prior art and have been placed in proper form. Applicant desires an expeditious patent issuance and therefore respectfully requests the examiner for a notice of allowance.
